

New Lexington Headquarters

Bluegrass Care Navigators acquired a pre-existing facility to better meet their administrative needs. Denham-Blythe was contracted for design/build services to renovate the interior and construct a new two-story atrium. Design highlights include an open ceiling with acoustical cloud accents and “floating” light rings, glass partition walls and railing systems for the main stairwell and second floor balcony.

- Complete renovation of all electrical, mechanical and plumbing systems
- ACM metal exterior cladding
- New roofing
- Parking lot construction and landscaping
